Federal funding is available for a State's expenditures for assistance and services to eligible refugees for which the following time limits are met:

(a) *CMA grants*, as described at § 400.11(a)(1) of this part:

§ 400.211 Methodology to be used to determine time-eligibility of refugees.

(a) The time-eligibility period for refugee cash assistance and refugee medical assistance will be determined by the Director each year, based on appropriated funds available for the fiscal year. The Director will make a determination of the eligibility period each year as soon as possible after funds are appropriated for the refugee program, and also at subsequent points during the fiscal year, only if necessary, based on updated information on refugee flows and State reports on receipt of assistance and expenditures. The method to be used to determine the RCA/RMA eligibility period will include the following steps and will be applied to various RCA/RMA time-eligibility periods in order to determine the time-eligibility period which will provide the most number of months without incurring a shortfall in funds for the fiscal year.

(1) The time-eligibility population for the projected fiscal year will be estimated on the basis of the refugee admissions ceiling established by the President for that fiscal year and the anticipated arrival of other persons eligible for refugee assistance, to the extent that data on these persons are available. The anticipated pattern of refugee flow for the projected fiscal year will be estimated based on the best available historical and current refugee flow information that will most accurately forecast the refugee flow for the projected fiscal year. These arrival figures will then be used to determine the time-eligible population for a given duration of RCA/RMA benefits.

(2) The average annual member of RCA and RMA recipients will be determined by multiplying the estimated time-eligible population established in paragraph (a)(1) of this section by the estimated RCA and RMA participation rates. The RMA participation rate will take into account both RCA recipients, who are also eligible for RMA, and RMA-only recipients. Recipient data
